Augmentity Awarded Sun Storage Elite Certification

ATLANTA, GA. – Aug 12, 2008 – Augmentity, a leading provider of enterprise computer hardware and storage solutions, today announced it received Sun Storage Elite certification. The certification represents the highest level of storage partnership offered by Sun. The advancement in Sun partner status represents training, certification and successful engagements with clients of all sizes.

"Storage needs continues to grow throughout the industry, and Storage Elite represents Augmentity's commitment and knowledge of the storage market," said David Hilbish president of Augmentity Systems Inc., "With the Sun Storage Elite certification, Augmentity clients can be confident that they will have a best of breed storage environment, from start to finish."

Augmentity has also expanded the scope of its professional service practice focusing on storage solutions, data integrity and data lifecycle management. The enhanced Sun Storage Elite partnership aligns Augmentity services with the full range of Sun storage infrastructure hardware and software.

Storage Elite status recognizes Sun partners that have achieved a significant number of core and specialty technology certifications and demonstrated extensive knowledge of Sun storage technology.
